

E PRESCRIPTION

Southern Eye Associates is proud to announce that we are now participating in the E-Prescribing program. E-Prescriptions are computer-generated prescriptions created by your doctor and sent directly to your pharmacy.

There are several benefits to participating in E-Prescriptions:

- > You do not have to make the extra trip to drop off your prescription at the pharmacy.
- > There is no handwriting for the pharmacist to interpret.
- > The E-Prescription program is free to the patient.

Please fill out the following information:

Patient Name: _____

Patient Date of Birth: _____

Pharmacy Name: _____

Pharmacy Address (IF KNOWN): _____

Pharmacy Phone Number: _____

I hereby authorize Southern Eye Associates, LTD to transmit the necessary information to my pharmacy. I understand that it is my responsibility to notify Southern Eye Associates of any changes.
